### History of the United States.

By JOHN CLARK RIDPATH, LL.D.

AUTHOR OF HISTORY OF THE WORLD. ENCYCLOPEDIA OF UNIVERSAL HISTORY, ETC.

This is an entirely new edition in two magnificent volumes—just off the press and a credit to the publishers' taste and skill. Every phase and period of American history are fully treated—from the earliest known times to the present moment—even treating so recent an occurrence as the assassination of President McKinley. The two handsome volumes are bound in the FINEST BOOK SILK CLOTH—printed from NEW and BOLD TYPE on SUPER CALENDERED PAPER. It contains two hundred and ten illustrations—including photographs and about fifty full-page halftones, with thirteen colored maps, (ten being double page foldouts). Never was a time when there was such intense interest manifested in American History—not only by Americans, but also by the entire civilized world—and this offer also comes at a period when the right book for Christmas gift giving is eagerly sought for. Here it is—at a price that barely covers the publishers' cost to produce!

### Balzac—Complete in 16 Vols.

Previous editions of Balzac have been unevenly translated and so expurgated that they have lost their piquant originality and force. It was not until the well-known Saintsbury edition appeared that a good translation was available to American readers. The Saintsbury preface, with the analytical and critical notes, will be found invaluable to our readers. His introduction to the Comedie Humaine is the most masterly characterization of Balzac ever written.
